

Leadership Team Responsibilities

The Leadership Team will be responsible for all aspects of your Serve Local day, including:

- Promoting and publicizing the day in both the church and community.
- Developing a church-wide Prayer Strategy.
- Identifying the community need(s) your church can meet and at least one ministry to meet each need. Your Serve Local day may include multiple ministries or one specific ministry. Visit absc.org/101ideas for a full list of ideas.
- Securing a site location for each ministry.
- Developing a budget to adequately provide resources needed for each ministry. Costs will vary depending on the type of ministry provided, the number of people serving and served, as well as other factors.
- Mobilizing church members to serve.
- Assigning members to ministry teams.
- Providing training to all members in the areas of social media promotion during the day, evangelism, and follow up.
- Planning how your church will celebrate results.
- Evaluating your Serve Local day
